School-Based Health Center Expands Access to the Public

The Charles County Department of Health (CCDoH) is expanding access to the Dr. Chinnadurai Devadason School-Based Health Center, located on the campus of Indian Head Elementary School, to include members of the general public during designated hours. Regular hours for CCPS staff and students are Monday-Friday 8:00 a.m.–5:00 p.m. (Closed for lunch 12–1:00). The expanded access began November 16, 2026, creating additional opportunities for Charles County residents to receive health services at the clinic.

The center initially served students at Indian Head Elementary School and later expanded access to all Charles County Public Schools (CCPS) students and staff. With this latest change, the clinic is now welcoming the public during specific hours when school campus access is permitted. Because the center is located on school property, public hours are coordinated with CCPS school schedules and campus access requirements.

Public Access Hours

Regular school days	8:00–9:15 a.m. and 3:45–5:00 p.m.
Early dismissal days	8:00–9:15 a.m. and 1:45–5:00 p.m.
School closure days	8:00 a.m. –5:00 p.m. Open to the public all day.
School breaks	8:00 a.m. –5:00 p.m.
State holidays	Closed

The School-Based Health Center provides primary, preventive, and urgent care services. Services may include visits for minor illnesses, physicals for school and sports, well-check visits, and health education. The center is intended to make care more accessible and support the health and well-being of students, families, and the broader community.

The Dr. Chinnadurai Devadason School-Based Health Center is located at Indian Head Elementary School, 4200 Indian Head Highway, Indian Head, MD 20640. Community members are encouraged to call 301-944-1087 for information about services, public access hours, and scheduling.
